

**Narmada College of Science and Commerce**  
**Zadeshwar, Bharuch-392011**

---

**Department of Chemistry: Outcomes of the Graduation course**

- PO1 Students of under graduation will have skills to understand the major concepts of theoretical and experimental chemistry
- PO2 During the practical sessions the students will develop skills to perform experiments and the same will also be useful in industrial environment
- PO3 Developing critical thinking and efficient problem solving skills in the major areas of chemistry like analytical, inorganic, organic, and physical.
- PO4 Understanding the importance of the elements in the periodic table including their physical and chemical nature and role in daily life.
- PO5 Learn the laboratory skills and safely transfer and interpret knowledge entirely in the working environment
- PO6 Integrate the concepts in chemistry to the other subjects like Mathematics, Physics and Biological sciences.
- PO7 Most modern library and e-content searching and retrieval methods are learned by students.
- PO8 Placement of students is done in private industries, government, education etc...
